

Speech Solutions That Work™--Combo Packages and More

Custom Speech USA, Inc. provides cost-effective workflow solutions with speech applications for the small and home office or large corporation. Now speech recognition is even easier to use with our software add-ons for Dragon and IBM. There is no enrollment, and a computer can help train your speech recognition system for you! There are many applications to choose from. Check the website homepage for a list of Authorized Resellers and more information.

SpeechProfessional™ Suite (Introductory Package)--\$549

- Command!™ Standard
- SpeechMax™ Advanced
- SpeechServers™ Introductory Package (3 million word limit)
- acWAVE™

Two speech recognition engines are better than one! With SpeechMax™ (reg. \$149), quickly edit text transcribed using Dragon and IBM speech recognition engines. More than a text processor, SpeechMax™ highlights likely errors and plays back the audio for you. SpeechServers™ (Introductory Package) (reg. \$159) transcribes dictation audio using Dragon and IBM engines, and automatically helps train your speech recognition system. Speech recognition engines not included. Includes Command!™ Standard workflow manager (reg.\$249) and acWAVE™ Server Edition audio file conversion utility (reg. \$99). **SAVE \$107!**

Dictation Workstation--ADD \$299

- Command!™ Workstation
- Philips handheld slideswitch microphone
- Game port/USB adapter
- CustomMike™ microphone driver and recorder

Dictate the old fashioned way. Store your dictation in digital format using Command!™ Workstation (reg. \$99). Transmit to in-office or remote Transcription Workstation. Add additional Dictation Workstations as your workload expands. Requires single license of Command!™ Standard or higher on network to administer database. Microphone, adapter, and CustomMike™ software (reg. \$229). **SAVE \$29!**

Transcription Workstation--ADD \$185

- Command!™ Workstation
- Standard USB or serial port transcriptionist footpedal
- PlayBax™ software for playback of dictation audio

Loads and organizes dictation jobs sent across local area network or internet with Command!™ Workstation (reg. \$99). Play back Olympus and other proprietary audio formats. Add more workstations as needed. Requires single license of Command!™ Standard or higher on network to administer database. PlayBax™ software and footpedal (reg. \$99). **SAVE \$14!**

Telephone Dictation Center--ADD \$999

- Telephone dictation software (single line license)
- Additional line license \$249
- Requires workflow manager Command! Standard or higher
- Requires Windows NT/2000/XP and Dialogic telephony card

For call in reports, documents, or voice notes from another office, at home, or on the road.

Command!™ Call Center—ADD \$1,249

- Telephone Dictation Center (single line license)
- Information Center
- Message Center
- Additional line license \$249
- Requires workflow manager Command! Standard or higher

Includes Telephone Dictation Center, plus Information Center, for customizable voice announcements and fax on demand, and Message Center, voice mail for individuals and departments and call forwarding. **It's not just for dictation!** Custom programming available to enhance call center and customer relations management. Contact CSUSA about customized applications using Nuance or SpeechWorks interactive voice response systems, DTMF (touch tone) technology, and other advanced computer telephony solutions.

Command!™ Call Center Office Combo—ADD \$1,499

- Telephone Dictation Center (single line license)
- Information Center
- Message Center
- Additional line license \$249
- Command!™ Office
- acWAVE™ Server Edition

A complete package for the customer that does not already have Command!™ installed. Includes Command!™ Office add-ins for FTP Client, Data Transfer, and Quick Approval—all useful utilities for a busy professional or business office or small transcription service. acWAVE™ permits compression of audio files created by telephone dictation server. Great for archive or easy transmission of dictation and voice notes around local area network or across internet. Includes Command!™ Call Center, plus Command!™ Office (reg. \$349) and acWAVE™ Server (reg. \$99) **SAVE \$198!**

Command!™ Call Station—ADD \$2,999

- Telephone Dictation Center (single line license)
- Information Center
- Message Center
- Additional line license \$249
- Command!™ Office
- acWAVE™ Server Edition
- Custom-built PC

Cost-effective turnkey solution. Use as communications center hub for the home or small office. Custom-built PC includes minimum of Pentium IV 2.0 GHz CPU (or equivalent), 512 MB RAM, 60 GB Hard Drive, Windows NT/2000/XP, Intel (Dialogic) telephony board (4-line), Creative Labs sound card, 56K modem, network card, keyboard, and mouse.
